

FRANKFURT

VINCENT frankfurts are specific for smoothing of all marble, onyx and soft stone slabs and tiles. Various designs are available both for metal and resin frankfurts to reach excellent performance on all polishing machines. A remarkable range of metal frankfurts - from grit 36 to 150 - and resin frankfurts - from grit 60 to 400 - provide the best quality of finish and tool lifetime in the market.

Metal and Resin frankfurt for marble and soft stone.
